# MVJ22IS61 - FULL STACK DEVELOPMENT

## ASSIGNMENT–1: - WEBPAGE CREATION

This project showcases my knowledge and skills in HTML and web development through a multi-page website centred around the Indian Cricket Team. Each page demonstrates different HTML features, including text formatting, lists, tables, and forms. By integrating real-world cricket content, I have aimed to create an engaging and informative platform for cricket fans, highlighting both my technical abilities and my passion for the sport.
